*OFFICE RENTERS **BLOCK FRIEDMANN**

They Prevent Opening of Berlin Doctor's Clinic on Monday.

LOCATE ELSEWHERE

Agents of Building Had Not Been Consulted About the Sub-Lease.

There is no likelihood that Dr. Frederick Franz Friedmann will be able to open his proposed clinic for the treatment of consumptives at 329 Fifth avenue, corner of Thirty-third street, tomorrow morning as he promised.

Thousands suffering from tuberculosis who have been buoyed up by the hope that a sure cure for the white plague has been found will be grievously disappointed over the Berlin

the location of the clinic has not been settled yet and that when his plans are completed he will make public the time and the place for administering that for and the place for administering that for which so many thousands are hopefully HOUSEWIVES LEAGUE onging.

Edgar C. Leacraft of J. Edgar Leacraft & Co., 17 West Forty-second street, agents for the building, in which it

plants in both countries.

New business in this country ecues to be booked in fair volume. is below production and shipments, and decreases in unfilled tonnages for Feb-ruary are highly probable. The United States Steel Corporation's tonnage for the month is expected to show a falling off of about 150,000 tons, which is gen-erally considered far from a sign of weaksagents for the building, in which it was said Dr. Friedmann had rented a suite of rooms for his demonstrations, made it perfectly clear why the physician's plans went astray.

"I didn't know anything about Dr. Friedmann's going into the building," he said, "until tenants began to call up this morning with their protests. I made inquiries and learned that it was understood he had subtles on officers.

Mrs. Henry R. Caraway has been expected at this time even if it were not for the change in administration and the possibility of tariff reduction. Production, too, has been at a record breaking rate, which would have accounted for a decrease in unfilled tonnage even in normal times, so that the situation as it is has not alarmed steel makers nor will

no circumstances will Dr. Friedmann be ment of a force to carry on the work same as that for the last two months, of the organization.

The outlook for March is much the same as that for the last two months, with fair business coming in, but not as f the organization.

Mrs. Julian Heath, the national president, has received many hundreds of ling out. The best buying has been from

roposed headquarters.
"I want the league to have a head-orders for deliveries less than six months

verging on hypoteria as a result of the pithful procession. Tears came to the eyes of many sufferers as it was explained to them that Dr. Friedmann would probably not be allowed to open his clinic in the building.

D. L. Van Nostrand, from whom Dr. Friedmann expected to get a sub-lease, said:

"I did agree to sublet the office to a man who called yesterday. I did not know he represented Dr. Friedmann. I didn't know what person he represented Unless prevented by the Board of Health or the police I do not know while could not take possession."

Mr. Van Nostrand has a five years lease on his office. The proprietress of the Fifth Avenue Store on the ground floor of the building into a tuberculosis hospital. She said she had forty employees and many customers and did not want to be brought in contact with consumptives.

Before you buy a new high-grade car go into details. You will find the Locomobile easier riding, better built, more completely equipped and better designed than any other.

Electric Motor Starter

Necessary to the highest grade sixes. Experts say the Locomobile starter is the best built and best installed. One pedal starts engine. Locking device prevents meddling. Combined with most expensive electric lighting system, gives the Locomobile the best electrical equipment.

Ten-Inch Upholstery.

THE LOCOMOBILE, well known as the "Best Built Car in America," has for two years been developed with the enjoyment of motor cars by women as a governing feature.

TEN-INCH UPHOLSTERY used only by the Locomobile among all high-grade cars was brought out at the suggestion of women, and with their co-operation. Women tested it out under all conditions of driving -made suggestions that were adopted, until the very limit of comfort was reached.

Electric Motor Starter, Ten-Inch Upholstery. Four Speed Transmission, Multiple Disc Clutch, Seven-bearing Crank Shaft, Full Floating Rear Axle, Tires at Rear, Chrome Nickel Steel Frame and Springs. Found in combination only on the Locomobile.

The Locomobile is distinctive and trim looking. Tires at the rear give clear running boards. Body lines blend perfectly with cowl dash. Door hinges and handles concealed. Wind shield harmonizes with body.

Lamps different from those on other cars. The Locomobile Company of America

Washington Predictions for Today and To-morrow.

For eastern New York, fair and colder to-day, preceded by anon Aurries in extreme north portion: probably fair to-morrow: moderate west winds.

For northern New England, cloudy to-da and colder at night; probably fair to mor-row; moderate west winds. For southern New England, fair and older to-day; fair to-morrow, moderate

For New Jersey, fair and colder to-day robably fair to-morrow; molerate wea

depression extending from the cast Gulf coast northeastward over the Alleghany districts into and another central over Minnesota yesterday caused generally unsettled weather over the eastern half of the country. Rain fell over the southeastern quarter of

the country and in the middle Atlantic States, and snow in New England, northern New York, the lower lake regions and the Ohio Valley. West of the Mississippi the weather was generally fair.

The pressure was high throughout the West although in no definite formation.

It was colder in the middle Atlantic States, the lower Missouri Valley and the Southwest, and warmer in the northern plains States.

Temperatures were still below zero in parts of the north central States. In this city the day was cloudy and rainy: slightly cooler; wind, fresh east to northeas; average humidity, 82 per cent.; barometer, corrected to read to sea level, at 8 A. M., 29.90;

corrected to read to sea level, at 8 A. M., 29.30; 3 P. M., 29.79.

The temperature in this city yesterday, as recorded by the official incrmometer, is shown in the annexed table;

9 A. M. 41 24 6 P. M. 41 27 12 M. 38 29 9 P. M. 42 24 3 P. M. 40 32 12 Mid. 41 21 Lowest temperature, 38°, at noon
